Proposed Amendments Policies on Outside Service Extensions

April 17, 2017

Outside Service Extensions | Oversight Responsibilities

The Marin Local Agency Formation Commission (LAFCO) is responsible under Government Code Sections 56133 and 56134 to review and approve outside municipal service contracts less certain statutory exemptions. Marin LAFCO's policies concerning outside non-fire protection service contracts (56133) were established in 2001 in-step with the associated statute's enactment and have remained largely unchanged. Marin LAFCO has not adopted policies concerning outside fire protection service contracts (56134) given the associated statute's newness and enactment therein on January 1, 2016 as a result of Senate Bill (SB) 239.

Proposed Policy Amendments

On April 13, 2017, Marin LAFCO held a public meeting to discuss updated draft policy amendments prepared by staff with respect to overseeing outside service contracts in Marin County. The purpose of the amendments is two-fold: a) update existing policies on non-fire protection services to better reflect best practices and b) establish new policies on fire protection services given the aforementioned enactment of SB 239. A copy of the draft amendments along with the accompanying agenda report presented to the Commission on April 13th is available for viewing at www.marinlafco.org.

Public Review and Comment Period

Marin LAFCO invites all interested parties to review and comment on the proposed policy amendments concerning outside municipal service contracts. Comments should be provided in e-mail and directed to Executive Officer Keene Simonds at ksimonds@marinlafco.org no later than **Monday, May 29, 2017**. Comments received by this date will be incorporated into preparing final amendments for presentation to the Commission at its June 8th meeting.
